#### AMENDMENTS TO THE SPECIFICATION

Please amend the specification as follows:

Please replace the paragraph beginning at page 9, line 8, with the following amended paragraph:

"D. Chitosan & Chitosan Derivatives – One skin treatment agent found useful in the present invention is a polysaccharide, preferably a chitosan material or chitosan derivative. For example, chitosan compounds and derivatives have been found useful as absorbing material for use in disposable absorbent products such as sanitary napkins. The chitosan can be incorporated into lotions of the present invention as the skin care agent or active. One benefit of adding chitosan is improved odor control and or improved fluid handling performance. In a preferred embodiment the chitosan is a chitosan salt. In another preferred embodiment the chitosan is chitosan lactate. In one embodiment, the cationic polysaccharide can be combined with silica. In one embodiment, the chitosan can be provided as fine particles, and can be a water-soluble chitosan salt. In general, the chitosan materials useful in the present invention can be those disclosed in WO 01/180911 filed April 23, 2001; WO 01/80912, WO 01/80913, WO 0180914, or WO 0180915, each filed April 24, 2001; WO 03/18074 filed August 23, 2002; and WO 03/30952 filed September 27, 2002 US 2003/0023216 A1, US 2003/0049480 A1, US 2003/0018312 A1, US 2003/0022573 A1, US 2003/0022574 A1, US 2004/0166307 A1, US 2003/0068944 A1, each of which are hereby incorporated herein by reference."
